Nifty Fifty's has been one of our favorite blue-collar eateries since we were in high school. There are a couple locations in the Philadelphia area and all are awesome. They have over 100 flavors of soda and a ton of milkshakes. The EatingTeam always orders pretty much the same things to start, spicy chicken nuggets with cheese, onion rings, a few Texas Tommy's, spicy chili cheese fries and milkshakes. Then, we each order our own meals after that. After that, it's nap time.

Many, many great things offered here at one of our all time favorite restaurants. See pics below...

As far as cold treats go, it is tough to beat Nifty Fifty's. We at the EatingTeam firmly believe any good day of eating needs to be finished with a great milkshake...Here is an example of one.

100 fountain soda flavors and a ton of thick milkshake and malt flavors. There is a restaurant right down the street and we have been meaning to try for a while now just can't drive by Nifty Fifty's without stopping in and stuffing ourselves into a coma like nap. Maybe next time we'll get to the other place...
