What a neat idea, an entire store about rice pudding. A boatload of flavors and they will let you sample them as well. Rice To Riches is truly a unique idea... who doesn't like rice pudding? I recommend that you stop by when in the area. It is a great snack or meal depending on the size you get. Oh yeah, they will mail you some if you really like it.

So here we go with a couple flavors we tried on this trip. First up, and maybe the best we had, is vanilla. I know what you're saying but vanilla is really, really good!

Next up is "Man-Made Mascarpone" with raisins and creamy goodness.

And finally, “Rocky Road Chocolate”. If you even like chocolate a little bit - this is for you

You can get these to go or eat in. The fact that it is right across from Lombardi's makes it convenient to get while waiting for your table at Lombardi's.
